

Do you need to be able to better communicate with your Spanish-speaking employees?

Our cost-effective Command Spanish® workshops provide industry-specific language tools to remove communication barriers, increase safety in the workplace, and improve workers' job performance. Workshops can be taught at your site or at one of our convenient locations in Arnold, Arundel Mills or Glen Burnie. No prior knowledge of Spanish is necessary.

- *Two-day, 16-hour training program exclusively for your staff held at your site or ours. Accelerated training or shorter sessions over a longer period are available at your request.*
- *Recommended class size up to 18 persons.*
- *Training can be conducted days, evenings or weekends.*

Occupational Command Spanish® training is tailored with specific vocabulary for your business or agency. Select the concentration that best suits your needs!

Banking/Financial
