

Delivering
SOLUTIONS today
for the workforce of tomorrow

Corporations across the country and around the world are struggling to provide their workforce consistent, cost-effective and high-quality training and skills enhancements.

Global Corporate College (GCC) was created to provide national and multinational corporations training continuity, breadth and excellence regardless of location through a one-stop solution model. This model is supported by an international system of delivery for training solutions of which AACC is a founding member.

With our network of member community colleges in every major U.S. market and with partners around the world, GCC ensures a consistent, high-quality learning experience for all your employees, without all the usual logistical challenges. Our partnership with leading community colleges and overseas organizations offers access to top institutional consultants and ensures customized, market-relevant curricula, the highest quality standards, shared metrics and application of best practices.

GCC can help your organization to:

- Attract and retain quality employees by offering them our market-relevant curriculum.
- Respond to and innovating for tomorrow's economy by enhancing the value of your workforce.
- Achieve profitability through an array of quality-rich training options that meet your high standards.
- Increase the flexibility of your staff and create a career-enriching experience that equates to profitable success for both company and employees.
- Become an industry leader.
