Anne Arundel Community College is fully accessible to those with disabilities.

CONSTRUCTION UNDER WAY!

AACC is renovating and expanding the Andrew G. Truxal Library, one of the original buildings on campus. All services will be available, though relocated, during this time. In August 2012, Truxal Library will reopen with style! Upon completion, you can look forward to a brighter library packed with high-tech features, private group-study areas, a lounge and more. Visit www.aacc.edu/library/renovation for updates.
