

Engaged Learning for Students

- ✓ Are you interested in seeing how the things you're learning **in** the classroom relate **outside** the classroom in a real world setting?
- ✓ Are you looking for experiences that will **enhance** your learning, your résumé, and your portfolio and set you apart from other students?
- ✓ Are you interested in working with •Businesses •Schools •Non-profit organizations •Government?

➡ **If you answered yes to the questions above, then GET ENGAGED!!!**

For active, hands-on experiences in the real world, students connect activities in community-based settings to issues and concepts in courses, gain valuable experience, and meet community needs.
