AACC
You’ve got questions.

We get that. But we’re certain about this: Your plans are important and your life doesn’t have to be on hold. Keep moving forward by taking a summer course at AACC.

Summer classes start May 26, June 15 and July 7
- Complete an accelerated course that usually takes 15 weeks.
- Fulfill general education requirements accepted at all Maryland public universities.
- Graduate faster by picking up the pace.
- Get ahead financially with community college tuition.
- Attend class 100% online.

Summer courses meet from two to eight weeks!

Are you a high school student? Graduating high school seniors don’t have to defer fall college decisions or take a gap year. Instead, consider making this a visiting year at AACC! A visiting year at community college gives you the chance to reduce the cost of college. You also get to stay on track by completing general education courses and exploring new areas of interest before committing to a major this fall!

For details on how to take advantage of a 50% tuition discount through the Early College Access Program (ECAP), visit www.aacc.edu/earn-college-credits-while-in-high-school.

Already in college? Visiting college students can enroll in AACC’s courses this summer or fall and transfer credits back to your university without losing time. Graduating high school seniors don’t have to defer fall college decisions or take a gap year.

If you are a current college student in your freshman or sophomore year, it’s a great idea to take advantage of AACC courses that will transfer once your college reopens. For details on how you can earn valuable credits that transfer back to your four-year institution, visit www.aacc.edu/apply-and-register.

LEARN MORE AT AACC.EDU/REGISTER-NOW.
All classes are online, however they are presented in two formats: Online and Online Sync. Here’s how to tell the difference.

**Online Sync courses list date ranges, day(s) of the week and meeting times**

These courses meet regularly online and include a section note with further instructions regarding required attendance at the dates and times listed. Learning activities are to be completed throughout the remainder of the week. This format is particularly good for students who benefit from consistent interaction with instructors and classmates.

**ACH 100**  
**Introduction to Interior Design – 1 cr hr**  
Gain an overview of the interior design profession. Learn the principles and elements of interior design through critiques, simple in-class exercises, projects and lectures. Explore the various academic pathways in both residential and commercial design. Preparatory course for students exploring the field of interior design and seeking a certificate or degree. Lab fee $20.  
May 26-July 2  
010  Tu  9:30-11:40 am  Online  
*Note: Attendance in online sessions Tuesdays from 9:30-11:40 a.m. is mandatory for this section.*

**Online courses only list date ranges**

This format is good for students who want more flexibility in their schedule. For these courses, you are not required to log in or meet at scheduled times. All essential instruction will be provided through the Canvas platform and may use other online tools, resources and activities. You must meet assignment deadlines set by your instructor.

**ACA 100**  
**Student Success Seminar – 1 cr hr**  
Identify and examine college support services, faculty expectations and academic planning. Investigate and practice the habits of successful students such as study skills, note taking and time management. Assess learning styles and career pathways, and set goals. Develop an academic plan and tools to facilitate academic success in a diverse learning environment.

**ONLINE SYNC COURSES**

**LIST DATE RANGES, DAY(S) OF THE WEEK AND MEETING TIMES**

These courses meet regularly online and include a section note with further instructions regarding required attendance at the dates and times listed. Learning activities are to be completed throughout the remainder of the week. This format is particularly good for students who benefit from consistent interaction with instructors and classmates.

**ONLINE COURSES**

**ONLY LIST DATE RANGES**

This format is good for students who want more flexibility in their schedule. For these courses, you are not required to log in or meet at scheduled times. All essential instruction will be provided through the Canvas platform and may use other online tools, resources and activities. You must meet assignment deadlines set by your instructor.

NOTICE OF NONDISCRIMINATION
AACC is an equal opportunity, affirmative action, Title IX, ADA Title 504 compliant institution. Call Disability Support Services, 410-777-2306 or Maryland Relay 711, 72 hours in advance to request most accommodations. Requests for sign language interpreters, alternative format books or assistive technology require 30 days’ notice. For information on AACC’s compliance and complaints concerning sexual assault, sexual misconduct, discrimination or harassment, contact the federal compliance officer and Title IX coordinator at 410-777-1239, complianceofficer@aacc.edu or Maryland Relay 711.

DISCLAIMER
Disclaimer: Courses and schedules in this publication may change. Provisions of this publication are not to be regarded as an irrevocable contract between the student and the college.

AACC CONSUMER INFORMATION
The Higher Education Act (HEA) of 1965, as amended by the Higher Education Opportunity Act (HEOA) of 2008, includes many requirements for disclosing information to the public www.aacc.edu/aid/consumerinfo.cfm. Information about enrollment, transfer rates, graduation rates and crime statistics at AACC can be found by searching for AACC at the IPEDS COOL database at www.nces.ed.gov/Globalslocator.

A report detailing the racial and gender makeup of the full-time, degree-seeking student body and the number of students receiving athletically related financial aid is available from the Admissions and Enrollment Development office and the Records and Registration office. The most recent data showing characteristics of full-time, degree-seeking students and student-athletes is available by viewing the Student Right to Know and Campus Security Act.

The Department of Public Safety and Police prepares the annual Security Report and distributes the report in accordance with the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Paper copies are available at the Department of Public Safety and Police on the Online campus. The report also is available online at www.aacc.edu/campus-safety.

AACC is required to provide a calculator to furnish estimated net price information to current and prospective students and their families based on what similar students paid in a previous year. Estimated cost (price) of attendance includes tuition and required fees, books and supplies, room and board (meals) and other related expenses minus estimated grant and scholarship aid. To utilize the Net Price Calculator to help estimate college costs, visit www.aacc.edu/cost-and-paying.

All coeducational institutions of higher education that participate in a federal aid program and have intercollegiate athletic programs must provide information concerning their intercollegiate athletic programs. This information is published by the AACC Athletics department. For a copy of the report, contact the Athletics department, the Admissions and Enrollment Development office or the Financial Aid office.

We encourage all students to register to vote. In support of national legislation to make voter registration convenient, the college has Maryland Voter Registration Applications available. Pick one up at the Information and Visitors Services office on the first floor of the Student Services Center, or call 410-777-2222 to have an application sent to you. You also can register online at www.elections.state.md.us/voter_registration/application.html.
