*Henry N. Libby, Esq., immediate past president*  
*Vollie Melson, executive director*  
*AACC president*  
*Dr. Dawn Lindsay*

# NEW STUDENT INFORMATION

## APPLY FOR ADMISSION

All students planning to enroll in credit classes must first submit an Admission Application. Apply online at [www.aacc.edu](http://www.aacc.edu). There is no application fee, and you only need to apply to the college once in a lifetime. If you wish to change your academic program or personal information, submit an Academic Change Form or Demographic Change Form. Do not submit a second application.

Additional application procedures are required for high school students participating in Academic Academy, Concurrent Enrollment, Early Admission, Gifted and Talented or the Early College Access Program; international students; and students selecting health professions programs.

If you require special services or academic support for a learning disability, hearing impairment, physical limitation, visual impairment or other condition, call Disability Support Services at **410-777-1411** or Maryland Relay at 711.

## ACTIVATE YOUR COLLEGE ACCOUNTS

Follow these three steps:

**STEP 1:** Once you've successfully completed an application, you will receive your AACC ID and other information you'll use to complete the College Account Request form (see Step 2). If you've completed a paper application, this information will be sent to your home address.

**STEP 2:** Complete the College Account Request form using information you received in Step 1.

**STEP 3:** Once the form is completed, you will receive your user name as well as information to create a password using the Password Management tool. Once you create your password, you will use both the user name and password to log into MyAACC and access college accounts.

## ASSESS YOUR ACADEMIC SKILLS

Degree- and certificate-seeking students may be directed to the Testing and Assessment Services office for academic assessment. To be successful in class, you must demonstrate a proficiency in reading and math skills.

We determine your skill level, or proficiency, by any of the following:

- Advanced Placement (AP) test scores.
- American College Test (ACT).
- Anne Arundel Community College Accuplacer Tests.
- College-Level Examination Program (CLEP).
- Scholastic Assessment Test (SAT).
- Satisfactory completion of English and mathematics courses at other regionally accredited colleges and universities.

Visit us online or call **410-777-2375**.

## APPLY FOR FINANCIAL AID

The majority of AACC credit students receive some form of financial aid, scholarships, or financial support. Complete a FAFSA to start the process at AACC. See page 5 for information.

## MEET WITH AN ADVISOR

All new students in degree and certificate programs must meet with an advisor following assessment. Call **410-777-2307** for an appointment.

## REGISTER FOR CLASSES

Submit registration forms from the back of this booklet to the locations on page 4.

## PAY YOUR BILL

Pay your tuition bill either when you register or by the due date on the bill. See page 5 for payment in full. See page 2 for the tuition payment plan.

## ATTEND MANDATORY ORIENTATION

All new credit-seeking students are required to attend a session. Here's what you will learn at new student orientation:

- How to be a successful student.
- Getting involved on campus.
- Faculty expectations.
- Advising information.
- Buying books.

Meet other new students and take a tour of the campus! Students are encouraged to attend an in-person session. Visit [www.aacc.edu/orientation](http://www.aacc.edu/orientation) for dates and time and to sign up for a session.

## STAY CONNECTED

Use MyAACC website <https://portal.aacc.edu> to schedule future academic advising appointments via advising's online scheduling system "OASIS;" register for classes; look up your grades; see college announcements; email your instructors, advisor and friends; access the AACC Bookstore, Truxal Library and student clubs and organizations.

## ATTEND THE FIRST CLASS

Evidence has shown students who attend the first class meeting are more successful in that course.

# WINTER 2019

**Earn credits during the winter term!** Though the majority of winter 2019 classes run Jan. 2-15, you can also choose classes running Dec. 17-Jan. 15, Dec. 17-Jan. 27, Dec. 20-Jan. 17 and Jan. 2-22.

**Advance your graduation or make up credits!** Only highly motivated students who have been successful in their studies should take these accelerated sections. Information: **410-777-2243** or [www.aacc.edu/search/course](http://www.aacc.edu/search/course).

## ACHIEVING COLLEGE/ CAREER ADVANCEMENT

### ACA 100

#### Student Success Seminar – 1 cr hr

Identify and examine college support services, faculty expectations, and academic planning. Investigate and practice the habits of successful students such as study skills, note taking and time management. Assess learning styles, career pathways, and set goals. Develop an academic plan and tools to facilitate academic success in a diverse learning environment.

870	Online		Jan. 2-22	Online
001	MWF	9-11:15 am	Jan. 2-15	Arnold
400	MWF	4-6:30 pm	Jan. 2-15	Arnold

## AMERICAN STUDIES

## HOMELAND SECURITY

HLS 111

### Introduction to Homeland Security – 3 cr hrs

Introduces students to the vocabulary and important components of Homeland Security. Explores the state, national, and international laws impacting Homeland Security. Includes an examination of the most critical threats confronting Homeland Security.

875 Online Dec. 17-Jan. 15 Online

## HOTEL/RESTAURANT MANAGEMENT

HRM 111

### Introduction to the Hospitality Industry – 3 cr hrs

A survey course that reviews the scope of the hospitality industry. The course begins with a look at the history and moves through development of the industry. Major topics include travel and tourism, lodging, food and beverage, managed services, gaming and entertainment, meetings, conventions, and expositions. Management issues, customer service, marketing, human resources and technology are emphasized. Industry trends, ethics, and the impact of economic, cultural, political and legal issues are discussed within each topic.

870 Online Dec. 17-Jan. 22 Online

HRM 119

### Certification in Sanitation – 1 cr hr

Learn the causes and prevention of food-borne illness, maintenance of sanitary conditions, and how to implement a Hazard Analysis Critical Control Point (HACCP) system. Study the flow of food from receiving through storage, prep and service. Take the national food safety certification by the National Restaurant Association (NRA) designed for food service professionals. A certification from the NRA is issued to students who satisfactorily complete the course and pass the examination.

## MATHEMATICS

MAT 037\*

### Introduction to College Algebra – 2 equivalent hrs

Study intermediate algebra topics supporting the problem-solving skills required for College Algebra. Topics include linear, rational, radical, quadratic, exponential and logarithmic equations and functions; systems of linear equations; graphing linear and non-linear functions; and inequalities. A brief review of Beginning Algebra topics is also included.

*Prerequisite: Achieve an appropriate score on the Mathematics Placement Test, or completion of MAT 011 or MAT 036 with a grade of at least C, or successful completion of an approved mathematics preparation course.*

*Note: A grade of at least C is required in MAT 037 in order to start MAT 137.*

001 MTuWThF 9 am-noon Dec. 17-Jan. 15 Arnold  
*Note: Section 001 meets on Dec. 17, 18, and 19, 2018 for the first three class meetings and then Jan. 2-15, 2019.*

350 MTuWThF 9 am-noon Dec. 17-Jan. 15 AMIL  
*Note: Section 350 meets on Dec. 17, 18, and 19, 2018 for the first three class meetings and then Jan. 2-15, 2019.*

MAT 045\*

### Introduction to Precalculus – 2 equivalent hrs

Study intermediate algebra topics focused on the essential skills and applications required for MAT 145 (Precalculus I). Topics include algebra of linear, rational, and radical expressions; algebra, composition, and inversion of functions; quadratic, rational, radical, and systems of linear equations; and graphing linear, nonlinear, quadratic, exponential and logarithmic functions, including translations and reflections.

*Prerequisite: Achieve an appropriate score on the Mathematics Placement Test, or completion of MAT 044 with a grade of C or higher, or successful completion of an approved mathematics preparation course.*

*Note: A grade of at least C is required in MAT 045 to start MAT 145.*

001 MTuWThF 9 am-noon Dec. 17-Jan. 15 Arnold  
*Note: Section 001 meets on Dec. 17, 18, and 19, 2018 for the first three class meetings and then Jan. 2-15, 2019.*

# ACCELERATED WINTER TERM

SEC DAYS TIMES LOCATION

## MAT 135\*

### Statistics – 3 cr hrs

Use meaningful data to explore concepts in probability and statistics including measures of central tendency and dispersion. Develop statistical literacy by studying graphical representations of data, discrete and continuous probability distributions, and sampling techniques and theory. Construct and interpret confidence intervals, find lines of best-fit, and perform hypothesis tests for means, proportions, and independence. Technology use is required throughout the course for statistical analyses.

*Prerequisite:* Achieve an appropriate score on the mathematics part of the ACT or SAT, or score at an appropriate level on the Mathematics Placement Test, or completion of MAT 012 or MAT 012E or MAT 013B or MAT 034 or MAT 035 with a grade of at least C, or successful completion of an approved mathematics preparation course.

*Note:* Also offered as MAT 135H; credit is not given for both MAT 135 and MAT 135H, or for both MAT 135 and MAT 223.

874 Online Dec. 17-Jan. 15 Online  
875 Online Dec. 17-Jan. 15 Online

## MAT 137\*

### College Algebra – 3 cr hrs

Learn algebra concepts useful in the fields of business, social science, life science and health science. Study functions and their applications including linear, quadratic, higher-degree polynomial, rational, exponential and logarithmic functions. Solve systems of linear and non-linear equations and inequalities. Explore matrices, sequences and series.

*Prerequisite:* Achieve an appropriate score on the Mathematics Placement Test, or a grade of C or higher in MAT 037, or successful completion of an approved mathematics preparation course.

*Note:* A grade of at least C is required in MAT 037 in order to start MAT 137. Credit will not be given for both MAT 137 and MAT 145 (formerly MAT 141).

870 Online Dec. 17-Jan. 15 Online  
871 Online Dec. 17-Jan. 15 Online

SEC DAYS TIMES LOCATION

## MAT 145\*

### Precalculus 1 – 3 cr hrs

Learn college algebra and introductory trigonometry. Algebraic topics include multiple representations of polynomial, rational, exponential, and logarithmic functions, systems of equations and related graphs, equations, inequalities and applications. Trigonometric topics include an introduction to angle and radian measure, right triangle relationships, trigonometric functions of any angle, laws of sines and cosines, graphs, applications and trigonometric equations.

*Prerequisite:* Achieve an appropriate score on the mathematics part of the ACT or SAT, or score at an appropriate level on the Mathematics Placement Test, or completion of MAT 012 or MAT 013A or MAT 045 with a grade of at least C.

*Note:* A grade of at least C is required in MAT 045 in order to start MAT 145. Credit is not given for both MAT 145 and MAT 137 or for both MAT 145 and MAT 151.

870 Online Dec. 17-Jan. 15 Online

## MAT 146\*

### Precalculus 2 – 3 cr hrs

Apply trigonometry and advanced algebra to prepare for calculus. Trigonometric topics include angle measurement, definitions of the six trigonometric functions from the right triangle and unit circle perspectives, graphs, identities, inverses, and equations. Algebraic topics include conic sections and a review of functions and graphs.

*Prerequisite:* MAT 145 (formerly MAT 141).

*Note:* Credit is not given for both MAT 146 and MAT 151.

870 Online Dec. 17-Jan. 15 Online

## MAT 230\*

### Elementary Calculus (For Business and Social Sciences) – 3 cr hrs

Study the basic concepts of calculus with applications to business and social sciences. Learn about limits, continuity, differentiation and integration of polynomial, rational, exponential and logarithmic functions. Apply calculus to problems involving maxima and minima, curve sketching, and the least-squares technique. The course includes an introduction to functions in several variables and partial derivatives.

*Prerequisite:* MAT 137, MAT 145 (formerly MAT 141), MAT 151 or equivalent.

*Note:* Credit is not given for both MAT 230 and MAT 191.

**\*IF WITHDRAWING FROM A CLASS**

- I confirm that I intend to stay enrolled and attend my other classes that have not yet started during this term.
- I am not registered for or plan to drop my other classes that have not yet started during this term.

**PAYMENT INFORMATION**

Payment is due at time of registration.  
 Payments can be made through MyAACC or at the cashiers office.  
 Visit [www.aacc.edu/tuitionfees](http://www.aacc.edu/tuitionfees) for information on payment options. Students using veterans benefits should contact the Financial Aid office upon registration.

I request the course(s) indicated above. By my signature, I acknowledge my responsibility for payment of the tuition and fees generated by this registration. I understand that I must pay my bill or make arrangements to pay by the due date and that I am responsible for all charges unless I drop my classes by the last day to drop with a full refund as published in the Schedule of Classes. I understand that auditing or withdrawing may affect my ability to receive financial aid. I understand that I am responsible for the course(s) selected and understand how they apply toward my educational goal. By proceeding with this registration I agree to abide by the Academic Integrity Policy and all other college policies as cited in the college catalog.
