

MAP E – GENERAL PARKING CHANGES

- We have provided additional ADA parking spaces in Lots B & C.
- We have relocated motorcycle parking from the east side of Careers building into Lot C.
- We have relocated the assigned parking spaces in Lot D to alternate locations either within Lot D, or into Lot C. (Those with affected assigned parking spaces have already been contacted, and will be receiving a parking plan with their new locations.)
- We have relocated some Faculty/Staff Permit parking spaces in Lots B & C.
- We have blocked several parking spaces in Lot C needed for large buses & trucks to turn into the lot along the new travel route.
- We have eliminated the electric car charging station on the east side of the Careers building during the relocation of Ring Road. The charging station on West Campus is still available for use.
- We have relocated the I.S. staff cart charging & parking to the east side of Careers.
- We have relocated the Raku ceramics firing area to lot in front of the Storage building (near the Isaac Cox House) for the duration of construction.
