Developing a safe and secure environment where a quality education may be achieved is the responsibility of the entire community. It is the goal of the AACC Department of Public Safety and Police (DPSP) to do everything possible to create that environment where people can learn, work and visit. We believe one way to help create such an environment is to fully inform the campus population about issues, campus policies regarding safety and security, and the services that your campus DPSP provides.

The department exists to support the goals of the college and to assist those who seek and impart knowledge, as well as those who provide support to the mission of the institution. Our primary responsibility is campus security and safety.

AACC DEPARTMENT OF PUBLIC SAFETY AND POLICE (DPSP)

PRIMARY CAMPUS SECURITY AUTHORITY
Anne Arundel Community College works to ensure a safe environment for students, faculty, staff and visitors. The Department of Public Safety and Police is an internationally accredited agency. Its college police officers are empowered by state law to make arrests (Education Article 13-601; and Title 2 Criminal Procedure Article; Annotated Code of Maryland), investigate crimes and carry firearms. The college’s special police personnel are commissioned by the governor of Maryland as special police officers and have full police authority to make arrests, conduct investigations and otherwise enforce the law on all property owned or operated by the college.

The police officers are formally trained and patrol the college responding to calls for services to include crimes and emergencies. They are certified in basic first aid, CPR and AED. The officers have the legal authority under Maryland law to demand identification and evidence of qualification from any person who desires to use or enter the college property. They may deny access to the buildings and grounds to persons who trespass, disrupt or disturb the normal educational functions of the institution.

The Department of Public Safety and Police has a good working relationship with the Anne Arundel County Police Department and has a Memorandum of Understanding with them. The college encourages accurate and prompt reporting of all crimes to the Department of Public Safety and Police at 410-777-1818.

College police and public safety officers patrol the facility 24 hours a day. The office is open from 7 a.m. to 11 p.m. seven days a week. Glen Burnie Town Center, Hotel, Culinary Arts and Tourism Institute and AACC at Arundel Mills are patrolled during normal operating hours. Members of the college community requesting assistance in an emergency should call 410-777-1818 or use one of the code blue emergency phones.

ADDITIONAL CAMPUS SECURITY AUTHORITIES
Campus Security Authorities (CSA) are individuals with significant responsibility for campus and student activities such as campus police/security, coaches and club advisors, among others. CSAs provide a critical link to getting campus community members the information and support they need when a crime has occurred. You can report crimes to any of the following AACC CSAs: Public Safety and Police, dean of Student Engagement, director of the Office of Community Standards, dean of Student Success, Health Services staff, student club or organization advisors, director of Athletics and intercollegiate athletic coaches or trainers. A comprehensive list of all the CSAs on campus has been compiled by the vice president of Learner Support Services.

All individuals deemed to be a CSA receive yearly training. Pastoral and professional counselors are exempt from having to report crimes. The counselors are advised to inform their clients how to report crimes themselves if they choose to do so.
DPSP SERVICES

DPSP offers the following services in addition to crime prevention programs and its safety and security duties:

CHILD SAFETY SEAT INSPECTIONS
This free service is available to the college community. DPSP has certified child passenger safety technicians on staff to educate drivers about child safety seat rules and check seats for proper installation. To schedule a seat inspection, call 410-777-2440.

FATAL VISION GOGGLES
DPSP works closely with the college Substance Abuse and HIV Education office and Health Services office to educate the college community about the dangers of driving a vehicle while under the influence of alcohol or drugs.

DPSP can provide Fatal Vision goggles for educational events. These goggles cause distorted vision and physical behaviors exhibited by someone under the influence of drugs and/or alcohol. Participants take a walking and driving test while wearing the goggles to experience the impact of drugs and/or alcohol on their ability to function behind the wheel.

LOST AND FOUND
Lost items found at Arnold go to DPSP in the Central Services Building; those found at AACC at Arundel Mills and the Glen Burnie Town Center should be given to DPSP officers. If you have lost property, call DPSP at 410-777-2440 to see if it was turned in.

If a lost item has identification on it, DPSP will try to reach the owner by phone, U.S. mail, email or in person. Property is kept for at least 60 days. DPSP donates unclaimed items to charitable organizations. To claim property, bring photo identification to DPSP in Arnold.

VEHICLE ASSISTANCE
DPSP officers can help jump-start vehicles that have a dead battery and open vehicles that have the keys locked inside.
CRIME PREVENTION PROGRAMS

DPSP and various campus organizations sponsor programs on dating violence, domestic violence, stalking, sexual assault, personal safety and theft prevention throughout the year. DPSP offers programs for students, parents, employees, new employee orientations, student organizations and community organizations.

At the beginning of each school year, DPSP educates the college community about crime prevention and its security programs through exhibits and presentations. Students, faculty and staff can register their bicycles, view crime-prevention videotapes, register for Rape Aggression Defense System classes, have DPSP engrave personal valuables and receive crime prevention information and brochures. DPSP also offers active shooter training (Run, Deny, Defend) to the campus community.

Presentations and exhibits stress a common theme: Individuals are responsible for their own security and the security of others and are encouraged to report any unusual or suspicious persons or circumstances promptly to DPSP.

WHISTLE DEFENSE PROGRAM

Obtain a metal whistle at the DPSP office to use while walking to or from parking lots on campus or at off-campus AACC sites. If you see a crime in progress or are attacked, blow the whistle to attract attention. If you hear a whistle, call DPSP immediately.

LOT PATROL AND EVENING ESCORTS

DPSP employs students as lot patrol workers to help keep the parking lots safe. Lot patrol works from 10 a.m. to 10 p.m. when classes are in session.

Lot patrol workers or public safety officers can escort students and employees to and from campus buildings and parking lots after dark. They are equipped with identifying vests, flashlights and two-way radios to maintain constant contact with DPSP.

To request an escort, call 410-777-1818 and an officer will be dispatched.
SELF-DEFENSE TRAINING
DPSP coordinates the “Rape Aggression Defense System” (HTH-315) course in self-defense tactics and techniques. Certified RAD instructors teach women about prevention, risk reduction, avoidance and hands-on defense.

SEX OFFENDER REGISTRATION
The federal Campus Sex Crimes Prevention Act of 2000 (CSCPA) provides for the tracking of convicted sex offenders enrolled at, or employed by, higher education institutions. This act is an amendment to the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Act.

Under the law, state and local law enforcement agencies must provide colleges and universities in their jurisdiction with a list of registered sex offenders who have indicated that they are either enrolled, employed by or working at the institutions. A list of all registered sex offenders in Maryland is available from the state Department of Public Safety and Correctional Services at www.dpcs.state.md.us or from the county police department by writing: Attn: Central Records Manager, 8495 Veterans Highway, Millersville MD 21108.

AACC requires individuals who are listed on the national Sex Offender Registry or the Maryland Department of Public Safety and Correctional Services Sex Offender Registry to register with required local and state agencies and inform DPSP and the dean of Student Services’ office when they enroll.

The CSCPA amends the Family Educational Rights and Privacy Act (FERPA) of 1974 to clarify that nothing in the act can prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders.

SEXUAL ASSAULT, DATING VIOLENCE, DOMESTIC VIOLENCE AND STALKING PREVENTION AND RESPONSE
AACC prohibits and will not tolerate sexual assault, dating violence, domestic violence and stalking by an employee, student or participant in a college-sponsored program or by an individual present on college property.

AACC educates the college community about sexual assaults, dating violence, domestic violence and stalking through a variety of comprehensive, intentional and integrated programming, initiatives, strategies and campaigns intended to end the above listed crimes. These programs include both primary prevention and awareness programs directed at incoming students and new employees and ongoing prevention and awareness campaigns directed at students and employees. The college also provides programs for safe and positive bystander intervention. DPSP offers educational programs to students and employees on request. Literature on sexual assault, dating violence, domestic violence and stalking education, risk reduction, and the college’s response is available through DPSP and the Health Services office. AACC programs offered to educate the campus community about sexual assault, consent and bystander intervention include:

Join One Love Escalation Program
Clothesline Project
I Ask
“Consent is Like a Cup of Tea”
Step Up Bystander Intervention Training
“No More” Week of Social Media Messaging
Violence Awareness Project
Escalation Workshops
BYSTANDER AND RISK REDUCTION INFORMATION

BYSTANDER INTERVENTION
AACC strives to promote a culture of community accountability where bystanders are engaged actively in the prevention of violence without causing further harm. We may not always know what to do, even if we want to help. Listed below are some ways to be an active bystander. If you or someone else is in immediate danger, dial **410-777-1818**. This could be when a person is yelling at or being physically abusive toward another and it is not safe for you to interrupt.

Bystanders play a critical role in the prevention of sexual and relationship violence. Bystanders are “individuals who observe violence or witness the conditions that perpetuate violence. Bystanders are not directly involved but have the choice to intervene, speak up, or do something about it.”

- Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are OK.
- Confront people who seclude, and/or try to initiate sexual contact with people who are incapacitated.
- Speak up when someone discusses plans to take sexual advantage of another person.
- Believe someone who discloses sexual assault, abusive behavior or experience with stalking.
- Refer people to on- or off-campus resources listed in this document for support in health and counseling, or with legal assistance.

RISK REDUCTION AWARENESS
Take an active role in your safety! Here are some strategies to reduce the risk of sexual assault or harassment from the Rape, Abuse, & Incest National Network, [www.rainn.org](http://www.rainn.org)

- Be aware of your surroundings. Knowing where you are and who is around you may help you find a way to get out of a bad situation.
- Try to avoid isolated areas. It is more difficult to get help if no one around.
- Walk with purpose. Even if you don’t know where you are going, act like you do.
- Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
- Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
- Make sure your cell phone is with you and charged and that you have cab money.
- Don’t allow yourself to be isolated with someone you don’t trust or someone you don’t know.
- Avoid putting music headphones in both ears so that you can be more aware of surroundings, especially if you are walking alone.
• When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening and leave together.

• If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).

• Don’t leave your drink unattended while talking, dancing, using the restroom or making a phone call. If you’ve left your drink, just get a new one.

• Don’t accept drinks from people you don’t know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured and carry it yourself. At parties, don’t drink from punch bowls or other large common containers.

• Watch out for your friends and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they’ve had or is acting out of character, get her or him to a safe place immediately.

• If you suspect you or a friend has been drugged, contact local law enforcement immediately. Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).

• If you need to get out of an uncomfortable or scary situation here are some things you can try:
  • Remember that being in this situation is not your fault. You did not do anything wrong; the person who is making you uncomfortable is to blame.
  • Be true to yourself. Don’t feel obligated to do anything you don’t want to do. “I don’t want to” is always a good enough reason. Do what you’re comfortable with and what feels right to you.
  • Have a code word with your friends or family so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends and family then can come to get you or make up an excuse for you to leave.
  • Lie. If you don’t want to hurt the person’s feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
  • Try to think of an escape route. How would you try to get out of a room? Where are the doors and windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
  • If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

If you are a victim of sexual assault, dating violence, domestic violence or stalking at AACC, your first priority should be to get to a place of safety. DPSP strongly advocates that victims report the incident as soon as possible. Time is a critical factor for evidence collection and preservation. Report any of the previously mentioned crimes directly to any DPSP officer or call 410-777-1818. The victim will be assisted in notifying the county police if requested. The victim also may decline to notify any law enforcement authority if they so choose.

A victim or another with knowledge of sexual harassment or sexual misconduct also may report it to the Title IX coordinator or federal compliance officer.
Filing a report does not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from DPSP officers or the college. Filing a report will:

- Ensure that a victim receives the necessary medical treatment and tests at no cost
- Provide an opportunity to collect evidence helpful in prosecution that cannot be obtained later (ideally, a victim should not wash, douche, use the toilet or change clothes until after a medical/legal exam)
- Ensure the victim has access to free confidential counseling from those specifically trained in the area of sexual assault crisis intervention.
- Inform the victim of their rights in writing and the institution’s responsibilities for orders of protection, no contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court or by the institution.

When a victim contacts DPSP, a college police officer will respond and conduct an investigation. The victim may choose for the investigation to be pursued through the criminal justice system, the college’s Student Code of Conduct, or both. DPSP will provide information and resources to victims to help them make informed decisions about the incident. Counseling is available from the college Health Services office and the college employee assistance program. Contact the Anne Arundel County Sexual Assault Crisis Center, 410-222-7273, for counseling and support resources beyond AACC.

The college will also provide written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, and their right and options.

The college also will provide written notification to victims about options for and available assistance in changing academic, transportation and working situations.

College disciplinary proceedings will allow the accused and the victim to have an advisor or support person present during the hearing. Both the victim and accused will be informed in writing of the outcome of the hearing. A student found guilty of violating the college’s Sexual Assault Policy could be suspended or expelled. Student victims have the option to change their academic situation after an alleged sexual assault, if such changes are reasonably available.

**INITIAL INVESTIGATION**

Upon receipt of a report or a complaint of an alleged prohibited act(s), the compliance officer designee shall verify in writing receipt of the report or complaint. The reporting or complaining party shall meet with the compliance officer to learn about options under these procedures, the availability of accommodations that may be appropriate under the circumstances, and to be interviewed and to provide additional information, if any, regarding the alleged prohibited act(s) incident. Available accommodations will be provided in writing and can include orders of protection, escorts, modifications to academic requirements of class schedules and changes in working situations.

Upon review of the documents and materials, the information garnered from the interview and any additional information deemed by the compliance officer appropriate to review, the compliance officer shall determine whether there is a sufficient basis to initiate a formal investigation. If a sufficient basis is not found, the compliance officer shall, in cases where a party is a student, provide the dean of Student Services or designee a written report with a recommendation that the matter be closed, clearly setting forth the basis of the recommendation. In cases where a party is an employee, the written report shall be provided to the executive director of Human Resources or designee.

The report in both cases shall include a copy of the initiating report or complaint and all relevant documents. If the recommendation of the compliance officer is not accepted by the dean of Student Services or designee (regarding a student) or the executive director of Human Resources or designee (regarding an employee), the reasons shall be clearly set forth in writing and a formal investigation shall be initiated.
In making a decision to close a matter if a sufficient basis is not found, the dean of Student Engagement (regarding a student) or the executive director of Human Resources or designee (regarding an employee) shall consult with the college general counsel and other appropriate college personnel prior to finalizing the decision. If a sufficient basis is found, the matter shall proceed with a formal investigation.

FORMAL INVESTIGATION

The compliance officer shall prepare and forward the initial investigation report to a trained Title IX investigator. The report shall include a copy of the initiating report or complaint, the name of the complainant and respondent, the date, location and nature of the alleged prohibited conduct, all relevant documentation, a list of potential witnesses and any other information that will aid the investigator. If the complainant desires not to participate in a formal investigation, the college still may proceed and/or issue administrative orders and/or take interim action.

The investigation shall be completed no later than sixty (60) calendar days from receipt of the compliance officer’s report. Extensions may be granted by the compliance officer if requested by the investigator. The complainant and respondent shall be notified in writing by the compliance officer if an extension of the investigation time is granted.

The investigation shall include interviews with the complainant and respondent, all witnesses with material knowledge, and a review of all relevant documents.

All interviews shall be recorded, and interviewees shall be informed that this will occur before the interview begins. Upon completion of the investigation, a report with findings shall be prepared in writing. The report shall include all documentation reviewed, an outline of the information obtained through the interviews and findings set forth based on the preponderance of the evidence with recommended sanctions, if appropriate. During all phases of the investigation both parties shall be entitled to have the assistance of an advisor.

The investigation report shall be forwarded to the director of Student Conduct (for a student/respondent) and to the executive director Human Resources department or designee (for an employee/respondent) who shall review it and all the attachments. Within ten (10) business days, a written decision shall be rendered accepting, modifying or rejecting the findings, sanction(s) and/or recommendations setting forth the reasons in support of the decision. A copy of the decision shall be provided to the investigator; a copy of the decision and the investigation report to the compliance officer and other appropriate college personnel; and copy of the decision and the investigation report with all personal identifiable information redacted to the parties simultaneously. The standard of evidence in these investigations is preponderance of the evidence, or 51 percent.

APPEALS

Either party may file a petition appealing the determination of the director of Student Conduct (for a student/respondent) or the executive director Human Resources or designee (for an employee/respondent). The appeal shall be in writing and filed within ten (10) business days from the date that the decision of the director of Student Conduct was delivered to the appealing party. Delivered for purposes of this section shall mean hand-delivery, signed certified mail or electronic mail to the student’s AACC, with electronic delivery shown. An appeal filed beyond the time required shall not be accepted.

i. If an appealing party is a student, the appeal shall be filed with dean of Student Services or designee. If an appealing party is an employee or college volunteer, the appeal shall be filed with the vice president for Learner Support Services or designee.
The appeal shall be based only on one or more of the following grounds:

a. A procedural error materially affected the decision; and/or

b. The imposed sanction(s) was not appropriate for the prohibited act.

iii. Within ten (10) business days from receipt of a timely filed appeal, the dean of Students or designee (for a student) or the vice president for Learner Support Services or designee (for an employee) shall provide a copy of the appeal petition to the director of Student Conduct or designee who shall within five (5) business days, provide a written response to the appeal petition along with a copy of the investigation report all documentation, a summary of the interviews, a copy of the interview recordings and the decision of the director of Student Conduct or designee. Both parties shall be provided a copy of the response and a redacted copy of the investigation report; what is redacted shall be all personal, identifiable information. The parties shall not be entitled to receive the recordings or a transcript of the witness interviews.

iv. Within ten (10) business days of receipt of the response to the appeal and the aforementioned materials, the vice president for Learner Support Services or designee shall review the appeal, response and all other materials and render a written decision providing the basis for same. Based on the grounds of the appeal, the decision shall only determine:

a. Whether a procedural error materially affected the decision; or

b. Whether the imposed sanction(s) was appropriate for the prohibited act. In either case, the vice president for Learner Support Services or designee shall accept, modify or reject the decision.

v. Within five (5) business days from the date of the decision, vice president for Learner Support Services or designee shall mail a copy of the decision to the complainant, respondent, director of Student Conduct, the compliance officer, and other appropriate college personnel.

vi. The decision of the vice president for Learner Support Services or designee shall be final with no further right of appeal.

AACC will, upon written request, disclose to the alleged victim of a crime of violence (defined in section 16 if title 18, United States Code) or a nonforcible sex offense, the report on the results of any disciplinary proceeding conducted by the college against a student who is the alleged perpetrator of such a crime or offense. If the alleged victim is deceased as a result of such a crime or offense, the next of kin of such victim shall be treated as the alleged victim for the purpose of this investigation.

SECURITY AND ACCESS TO CAMPUS FACILITIES

DPSP works closely with college facilities and risk management staff to identify and correct any potential landscaping and maintenance problems that could affect AACC security and safety. If you see a possible hazard, such as an area needing better lighting, alert the DPSP office.
SECURITY ON CAMPUS
During normal business hours, the administrative and academic facilities at AACC are open and accessible to students, staff, faculty and visitors of the college. After normal business hours and during breaks, these facilities are locked and accessible only to authorized individuals. AACC does not have residence facilities nor does it have any officially recognized organizations with noncampus locations. DPSP personnel conduct routine security and safety patrols of the academic and administrative buildings to monitor conditions and report any unusual circumstances.

AACC has many layers in place to make the campus safe. While it is an open campus, AACC has access control systems in place such as locks and proximity card readers. There also are approximately 300 security cameras in place around campus. In addition, the campus is staffed around the clock with officers whose methods of patrol include motorized, foot and bicycle.

DPSP officers perform regular checks to ensure lighting is adequate and in working order, and that all safety hazards are corrected in a timely manner.

AFTER-HOURS ACCESS
AACC is closed from 11 p.m. to 6 a.m. daily and during official college holidays. Only faculty and staff are permitted after-hours entry to college buildings and facilities; such entries are documented. For safety reasons, faculty and staff staying on college property after 11 p.m. must notify DPSP by calling 410-777-1818. Employees may call DPSP at ext. 1818 from a campus emergency phone or 410-777-1818 to request access.

A faculty member must be present for students to remain in a classroom after the building closes.

COLLEGE CLOSINGS
When the administration decides to close AACC because of severe weather or other emergency conditions, DPSP notifies local radio and TV stations to run closing announcements.

When severe weather or other emergency conditions occur, the quickest and most reliable source of information is via text messaging. Sign up for text messaging at www.aacc.edu/campusalerts. Other options are tuning into local radio or TV stations or the college’s social media for closing announcements.

Listen for specific mention of the college since it may not close when county public schools do. If public schools close for inclement weather or emergencies, all classes at public school locations are canceled. When the college closes, all classes at off-campus sites are canceled. For information on college closing protocols, visit www.aacc.edu.

AACC POLICIES
The AACC board of trustees recognizes the importance of having policies that help to define priorities for the college. Many college policies have evolved over time and serve the best interests/preserve the fiduciary responsibility of the board and document compliance with various regulations. The president, working with the board, periodically reviews and updates the college’s institutional policies to ensure they meet the needs of the board and the college.

An oversight committee was established in 2007 to guide the work of reviewing college policies. Working through this oversight committee, the board of trustees will continue to review these policies, make recommendations and officially implement them. New policies also may be introduced during this process, as appropriate.
Policies are posted on the college website. If you have any questions regarding the policies, contact Strategic Communications at 410-777-2341.

**DRUG AND ALCOHOL USE**

AACC is committed to providing and maintaining an environment for faculty, staff and students that is drug-free, healthy, safe and secure. Faculty, staff and students are expected and required to report each day in an appropriate mental and physical condition, free of any illegal drugs and alcohol and capable of fulfilling their daily duties.

The college complies with all local, state and federal laws related to drug and alcohol use. Employees, contractors, business invitees, visitors and students shall be free from the possession, distribution, use or influence of illegal drugs or alcohol when on college property, when attending a college activity, or when representing the college and campus.

The college recognizes drug and alcohol dependency as an illness and a major health problem affecting society as well as a potential health, safety and security problem. AACC has established a substance abuse education program that addresses prevention, detection and treatment. Policy violators shall be subject to appropriate disciplinary action, up to and including dismissal, in accordance with college policies and procedures, and may also be subject to criminal prosecution.

The college Substance Abuse Education brochure, available online and distributed to students and employees, outlines federal, state and local laws and provides information on the harmful effects of using or abusing drugs and alcohol. It also contains information on community-based agencies that offer assistance in treating this illness.

An individual who reports sexual harassment or sexual misconduct, either as a complainant or a third party reporter, will not be subject to disciplinary action by the college for his or her own personal consumption of alcohol or drugs at or near the time of the incident, provided that any such violation did not contribute to the incident and did not and does not place the health or safety of any other person at risk. The college may, however, initiate an educational discussion or pursue other educational remedies regarding alcohol or other drugs.

**SEXUAL HARASSMENT**

Anne Arundel Community College is committed to maintaining a working and learning environment free from all forms of sexual harassment. Sexual harassment by any employee, student and/or any individual who conducts business on behalf of the college is prohibited.

Sexual harassment is unwanted sexual contact, unwelcome sexual advances, requests for sexual favors and/or other unwanted communications or physical conduct of a sexual nature. Examples of sexual harassment include, but are not limited to:

- Direct or implied threats that submission to sexual advances will be a condition of employment, work status, promotion, grades or letters of recommendations
- Unwelcome physical contact, including unnecessary touching, patting, hugging or brushing against a person’s body
- Inappropriate or unwelcome sexual remarks about a person’s clothing, body or sexual relations
- The display in the workplace or classroom of sexually suggestive objects, pictures, posters, cartoons and like items which are without defensible educational purpose
- Inappropriate or unwelcome conversation, jokes or stories of a sexual nature
- Inappropriate or unwelcome remarks about one’s gender or sexual orientation

(Continued page 13)
Preventing and reporting sexual harassment are the responsibilities of the entire college community. Anne Arundel Community College encourages all employees and students who believe they have been or are being subjected to sexual harassment or who are aware of an instance of sexual harassment to pursue the appropriate course of action.

- Any situation in which there is harassing conduct that is sufficiently severe, pervasive, persistent and objectively offensive that it alters the conditions of education or employment, from both a subjective (the complainant’s) and an objective (reasonable person’s) viewpoint. The determination of whether an environment is “hostile” must be based on the totality of the circumstances. These circumstances may include, but are not limited to:
  a. The nature, severity and frequency of the conduct
  b. Whether the conduct was physically threatening

HATE CRIMES
AACC experienced no hate crimes in 2015. In 2016, one assault with sexual orientation bias and one intimidation with religious/ethnic bias were reported. In 2017, one destruction of property with sexual orientation bias was recorded. In 2018, there was one assault with racial bias.

WEAPONS POLICY
No student, faculty, staff or visitor shall possess, keep, use, display or transport any weapon whatsoever, including but not limited to a rifle, shotgun, handgun, pellet or BB gun, stun gun, taser gun, knife, sword, billy club, makeshift or facsimile weapon, explosive, martial arts weapon, e.g., nanchaku, or any other instrument capable of inflicting physical harm, by any means, on any property or in any building owned, leased or used by the college or in any vehicle on college property.

Instruments required for use in college-sponsored activities, courses or employment, in accordance with approved procedural guidelines, are excluded from this policy. The president or his/her designee shall compile, maintain and keep current an inventory of such college-authorized usages.

This policy shall not apply to any federal, state or local law enforcement officer or college public safety officer authorized to wear, carry or transport a weapon on college property.

AACC PROCEDURES

CRIME ALERTS
DPSP maintains a daily online crime log that lists crimes reported to or by DPSP by classification, case number, date, time, general location and disposition. Crime and safety alerts also are online and available at the DPSP office. Visit www.aacc.edu/campusalerts and select Security Reports.

CRIME REPORTING
DPSP encourages accurate and prompt reporting of crimes and incidents. Call 410-777-1818 from any outside phone or ext. 1818 from a campus or emergency phone. An officer will respond immediately to your call, investigate the incident and take a report.

If you are a victim of or witness to a crime at an off-campus location, call 911. County police will respond and take a report. County police monitor crimes occurring at all off-campus class locations and forward monthly reports to DPSP.

CONFIDENTIAL REPORTING PROCEDURES
If you are a crime victim but don’t want to pursue action through the college or criminal justice systems, consider making a confidential report to DPSP or filing a Silent Witness report. These reports are important. They help AACC have the most accurate picture of campus crime so DPSP can respond appropriately to minimize risk for others. Incidents are included in the annual crime statistics report.

The college recognizes that sexual harassment and sexual misconduct allegations are sensitive subjects for all parties involved. The college is committed to maintaining the privacy of the parties involved to the fullest extent possible under applicable law and the circumstances. There may be instances when the college determines it is required to investigate and take action even when the reporting/complaining party requests anonymity or requests that no action be taken. Thus, absolute confidentiality cannot be guaranteed. In such cases, the college will take all reasonable steps to investigate and respond to the report/complaint consistent with the reporting/complaining party’s requests, and when it cannot do so, will keep the reporting/complaining party apprised, as deemed appropriate. In all cases, the college will take care to protect the identities of the parties by discussing the allegations only with those who have a legitimate administrative or legal reason to know.

(Continued page 17)
If a report of sexual harassment or sexual misconduct reveals an immediate threat to the campus community, the college may issue a timely notice of the alleged conduct in the interests of the health and safety of the campus community. This notice will not contain the reporter/complaining party’s name or any personally identifying information.

To make a confidential report, talk to DPSP or any AACC dean or assistant dean, the director of Student Life, director of Student Engagement or director of Counseling, Advising and Retention Services, AACC Health Services staff, student club or organization advisor, intercollegiate athletics trainers and coaches.

The Silent Witness program is an anonymous way to report crimes at AACC through the DPSP website. If you see a crime occurring on or off campus and would like to report it, fill out the form at www.aacc.edu/campus-safety and select Report an Incident. Your identity on the email is displayed. Your identity on the email is displayed as “anonymous” and cannot be traced.

**TIMELY WARNINGS/EMERGENCY NOTIFICATIONS**

The primary method of contacting the campus community in the event of an emergency is through the emergency text messaging system. Register for this service at www.aacc.edu/campusalerts. The emergency text messaging system is tested regularly to ensure its reliability.

The chief of police or his designee will issue a campus-wide warning if a situation arises, either on or off campus, that he or she believes poses an ongoing or continuing threat. This will be determined by firsthand information, information from a victim or known source, or multiple reports from unidentified sources.

The content of the message you receive will depend on the type of emergency that exists and what information is available to authorities. This message will be disseminated without delay and will take into account the safety of the campus community. A message will not be sent out if doing so would compromise efforts to assist a victim, contain or respond to the emergency, or otherwise mitigate the emergency.

If necessary AACC also will make efforts to reach out to the larger community by contacting the media, using social media, using bullhorns and a public address system.

The emergency text messaging system will send out a text and an email message to registrants. This message, depending on the emergency, will advise the individual what type of emergency is occurring and what to do to remain safe. In the event of an emergency notification (e.g. armed assailant, impending tornado, gas leak) a computer scroll message also will come across all campus computers, a voice message will be emitted from all college phones, an audible message and alert tone will come from the college’s Alertus boxes (located in some of the campus buildings) and the rooftop public address system also will send out the emergency alert message. The same message will be posted on the college website.

The college tests its emergency response and evacuation procedures on an annual basis. The emergency notification system is tested at the beginning of the fall, spring and summer terms.
IMMEDIATE NOTIFICATION

All members of the AACC community are notified annually that they must notify the Department of Public Safety and Police of any situation or incident on campus that involves a significant emergency or dangerous situation that may involve an immediate or ongoing threat to the health and safety of students and/or employees. DPSP has the responsibility of responding – and summoning the necessary resources – to mitigate, investigate and document any situation that may cause a significant emergency or dangerous situation. In addition, the department has a responsibility to respond to such incidents to determine if the situation does pose a threat to the community. In case of a threat, federal law requires that the institution immediately notify the campus community or the appropriate segments of the community that may be affected by the situation.

The AACC DPSP will inform the college, or the appropriate portion of the community if the problem is limited to a particular building or segment of the population, of any threat. The department will, without delay and taking into account the safety of the community, determine the content of the notice and initiate the notification system, unless issuing a notification will, in the professional judgment of the first responders (including, but not limited to: AACC Department of Public Safety and Police, the Anne Arundel County Police Department, the Anne Arundel County Fire Department and Emergency Medical Services), compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

EMERGENCY RESPONSE

The DPSP will take all steps necessary to isolate and mitigate any emergency or dangerous situations that may affect the campus community. All emergencies normally get reported through DPSP Communications by calling 410-777-1818. Officers will be dispatched to the scene to determine the size and scope of the emergency. If the emergency is confirmed to be present and an immediate threat to the campus community, it is the policy of DPSP that the director, assistant director of public safety and captain of operations or their designees will be notified and a mass notification will be sent to the community through the emergency text messaging system. The process for opting into the emergency text messaging system can be found on the DPSP webpage.

Some types of immediate threats:
1. Natural disasters that will directly and adversely affect the community
2. Active shooter or hostile armed intruder/robber in or around campus
3. Bomb threat or explosion
4. Civil disturbance
5. Terrorist attack
6. Chemical, biological or norovirus incident or attack
7. Gas leak, water main break or a power loss which could have a serious effect on campus
8. Fire event
EMERGENCY EVACUATION

AACC draws upon a nationally recognized standard of the Incident Command System (ICS) developed by the Federal Emergency Management Agency (FEMA). This system is widely used at the federal, state and local levels as well as at the college level. It lends consistency, efficiency and effectiveness to the manner in which the DPSP shall respond to an immediate emergency and/or a situation which may require the evacuation of all or part of AACC locations. Specific procedures are in place to respond to an immediate emergency or dangerous situation involving the health and safety of the AACC community to include evacuation. When buildings are ordered to be evacuated it is mandatory that all faculty, staff and students exit the building to the predesignated rally points at the direction of DPSP or floor monitors. These procedures are delineated in the DPSP General Order Manual. Moreover, the guides and information are distributed to all faculty, administrators and staff on campus annually.

Students, faculty and staff may be directed to assembly areas after evacuating a building. If a building evacuation is necessary, the following procedures should be followed. General evacuation procedures include the following directions for occupants of any college building. If a building evacuation is necessary, DPSP and floor monitors will respond to all emergency situations. They will notify appropriate first responders as needed. Occupants of all floors will evacuate the building immediately when requested to do so. In the event of an emergency evacuation, follow these instructions:

1. Remain calm and go to the nearest stairwell, walk on the right side. Walk, do not run. Exit the building. Go to the building’s designated rally point. (Note: Elevators will not be in service during a fire alarm condition.)

2. Assist in the evacuation of the building. Give any disabled occupant information to DPSP or the responding agency upon exiting.

3. Close all doors when leaving rooms.

4. Do not re-enter the building until the all clear has been announced. This occurs after the responding agency gives their all clear and DPSP has completed a safety survey.

5. DPSP will assist in the complete evacuation of the building and control the occupants in the building’s designated rally point until the emergency has been abated.

6. In cases where there may be a prolonged evacuation, students, faculty, administrators and staff may be directed to supplementary assembly areas (gym, dining hall) after evacuating to the building’s designated rally point.

7. In instances in which a campuswide evacuation is required, faculty, administrators, staff members and students will be sent home and the college will be closed until it is safe to re-enter.

8. Emergency evacuation maps are posted in all the campus buildings and “Emergency Response Guidelines” are available in all the rooms on campus.

9. An annual testing of the emergency response plans will be conducted by the DPSP. These tests will vary from tabletop exercises to functional exercises to full scale exercises. The campus community will be made aware of the date and time of these tests and will be invited to participate.
CONTACTING STUDENTS ON CAMPUS
If there is an emergency that requires notification of a student, call DPSP. Staffers will locate the student if they agree the situation requires immediate action.

EMERGENCY PHONE SYSTEM
Reach a DPSP dispatcher 24 hours a day using the free emergency phone system. Phones are attached to stainless steel phone towers (blue or red) or wall-mounted units (blue, red, yellow and silver) with strobe lights at Arnold, AACC at Arundel Mills and the Glen Burnie Town Center. Push a single button for immediate connection to the dispatcher to report emergencies, crimes, medical problems, car trouble, suspicious persons or activities, lost and found items, to request an escort to your vehicle at night, for information, or to seek building or room access after hours or on weekends.

MEDICAL EMERGENCIES
To report a medical emergency on campus, call 1818 using the emergency phone system. Give detailed information regarding the nature and location of the incident. DPSP will dispatch appropriate medical assistance. To report a medical emergency off campus, call 911.

ANNUAL CRIME STATISTICS
DPSP prepares this annual report in cooperation with the Anne Arundel County Police Department, which is the local law enforcement agency providing service to the college, and distributes the report in accordance with the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. A copy of this report is available online at www.aacc.edu/campus-safety and at the DPSP office. The act requires the college to publish crime and arrest statistics on specific offenses and for designated locations. These statistics include those reported to DPSP, designated campus security authorities and local law enforcement agencies. Each year, an email notification is made to all enrolled students, faculty and staff that provides the website to access this report. The following definitions explain information in the chart of statistics, which appears on pages 14-15.

GEOGRAPHIC CRIME LOCATION
ON CAMPUS
• Any building or property owned or controlled by AACC within the same reasonably contiguous geographic area and used by the institution in direct support of or in a manner related to the institution’s educational purposes, including residence halls
• Any building or property that is within or reasonably contiguous to AACC that is owned by the institution but controlled by another person, is frequently used by students and supports institutional purposes such as a food or other retail vendor
NOTE: AACC does not have residence halls.

Substances include opium or cocaine and their derivatives (morphine, heroin, codeine), marijuana, synthetic narcotics (demerol, methadone), and dangerous non-narcotic drugs (barbiturates, benzedrine).

**Hate crimes:** AACC must report any of these offenses and any other crime involving bodily injury reported to local police agencies or to a college security authority if there is evidence victims were intentionally selected because of their actual or perceived race, gender, gender identity, religion, sexual orientation, ethnicity/national origin or disability. The following crimes, if determined to be hate-crime related, also must be reported: larceny-theft, simple assault, intimidation and destruction/damage/vandalism or property.

**Liquor law violations:** Violation of laws or ordinances prohibiting the manufacture, sale, transporting, furnishing, possessing of intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating a still; furnishing liquor to a minor or intemperate person; using a vehicle for illegal transportation of liquor; drinking on a train or public conveyance; and all attempts to commit any of the above.

**Motor vehicle theft:** The theft or attempted theft of a motor vehicle.

**Robbery:** The taking or attempting to take anything of value from the care, custody or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

- **Statutory rape** – Nonforcible sexual intercourse with a person who is under the statutory age of consent. (Consent means actually agreeing to the act of intercourse, rather than merely submitting as a result of force or threat or force. MPJI – Cr 4:29)

Consent: Consent is clear, knowing and voluntary. Consent is active, not passive. Silence cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create a mutually understandable clear permission regarding willingness to engage in (and the conditions of) sexual activity.

Consent to any one form of sexual activity cannot automatically imply consent to any other forms of sexual activity. Previous relationships or prior consent cannot imply consent to future sexual acts. In order to give effective consent, one must be of legal age.

1. Fear for the person’s safety or the safety of others.

**TRAFFIC AND PARKING REGULATIONS**

All provisions of Maryland Vehicle Law, Rules of the Road – Title 21, Section 101.1(2) apply to traffic on AACC roads, driveways, paths, parking facilities and grounds. DPSP is authorized to enforce state and AACC traffic and parking regulations. Parking or driving a motor vehicle on campus is a privilege.

Flagrant violations of state or AACC parking and traffic regulations may result in the loss of the privilege to operate or park a vehicle on campus.

County ordinances and state laws relating to motor vehicles also are enforced on campus. The campus speed limit is 15 mph; however, there are places where the speed limit is posted at 25 mph. Also, watch for pedestrians who may be crossing roads.
EMPLOYEE VEHICLE REGISTRATION
Employees must register the vehicles they park on campus, including motorcycles and scooters, with DPSP for each academic year (Sept. 1-Aug. 31) regardless of vehicle ownership. DPSP will issue a free parking permit that must be displayed on the vehicle’s rearview mirror.

Do not deface or alter parking permits in any manner. Securing or using a permit through misrepresentation or fraud will result in the loss of parking privileges. The employee who registers a vehicle is responsible for any violation involving the vehicle. Having a permit does not guarantee use of a campus parking space. Lack of space is not considered a valid excuse for violating parking regulations.

PARKING REGULATIONS
AACC does not guarantee a parking space for students or accept liability for damages sustained to vehicles using college parking facilities. Irresponsible regarding traffic and parking regulations may result in a citation, restriction, suspension and/or towing of the vehicle at the owner’s expense.

• Park vehicles only in clearly designated lined legal parking spaces.
• Student parking is permitted during weekday business hours in any space in lots A, B, C, D, E, F, G, H and the C overflow lot excluding the following areas:
  • Those posted or marked by yellow curbs as reserved for the physically disabled, loading zones, visitors and motorcycle parking
  • Areas posted as reserved for faculty/staff or reserved (numbered spaces)
  • Areas marked by cones or other temporary markings as being reserved
  • Exceptions: Students may park in reserved (numbered spaces) after 5 p.m. weekdays and all day on weekends. Students may park in faculty/staff spaces after 7 p.m. weekdays and all day on weekends.

HANDICAP PARKING
It is against college policy and Maryland Vehicle Law to use a handicap placard or handicap registration plates issued to another person unless that person is in the vehicle.

• The number of handicap parking spaces on campus is limited. Do not use these spaces unless you have a handicap placard or plates issued in your name, the person to whom they were issued is in the vehicle, or you have received a special college handicap permit from DPSP.
• The law states that placards must be displayed on the vehicle’s rearview mirror and the person issued the placard/plates must carry the application for the permit with them. The law and college policy give enforcement authority to police and DPSP officers. If the person asked cannot produce the application or the application is in the name of someone not present, the officer will advise the person to move the vehicle from the handicap space. Anyone who violates provisions of this law is guilty of a misdemeanor and subject to a fine.
• DPSP asks students and staff issued handicap placards or handicap plates to bring the application for the permit to DPSP for verification.
• DPSP can issue special college handicap permits on a temporary basis to faculty, staff and students with physical disabilities who lack state-issued handicap plates or placards. A physician’s written statement is required.
**METERED AREAS**
The metered parking areas along Ring Road and in front of the Student Services Center and the Florestano Building in Arnold are for short-term parking only. The cost is 25 cents for every 15 minutes. Metered parking is enforced 8 a.m. to 5 p.m. weekdays.

**NO PARKING AREAS**
Parking is prohibited on the grass, at intersections, crosswalks, sidewalks, posted bus zones, posted no-parking zones, fire lanes, fire hydrants, areas not designated as a parking space and all areas marked by yellow or red curbs.

**TOWING**
AACC reserves the right to remove any vehicle on campus parked in a driveway, fire lane, blocking a loading dock or trash dumpster, or illegally parked in such a way as to constitute a hazard to vehicular and pedestrian traffic or to the movement or operation of emergency equipment. The owner is responsible for towing and storage costs. The college is not responsible for any damage to a towed vehicle.

PAYMENT AND PENALTIES

Fines are due within 28 calendar days of the issued citation. Pay fines at the cashier’s office in Student Services Center Room 120. A $10 late penalty is assessed beginning the 29th day and assessed again every 14 days until the fine is paid or a maximum fine of $100 is reached.

Unless all fines are paid, a student will not be permitted to register, graduate or receive transcripts. Employees who don’t pay fines may lose campus parking privileges.

Campus visitors who receive a citation can avoid a fine by taking the ticket to the DPSP office or returning it to the college office they were visiting. The college office then will forward it immediately with an explanation to the DPSP office.
APPEALS

Anne Arundel Community College citations can be appealed by visiting www.aacc.edu/campus-safety and selecting Traffic and Parking Regulation under Services within 14 days from the date the citation was issued. Employees and current students also can appeal citations directly through MyAACC. The appeal will be reviewed by the DPSP appeal’s officer. After the citation is evaluated, a final decision of either “Granted” or “Denied” will be submitted electronically to the email address provided on the appeal form.

If an initial appeal is denied and you believe there were extenuating circumstances not taken into consideration, you may file a second and final appeal to the Traffic Appeal Committee. This appeal must be in writing and received in the DPSP office within 14 calendar days from the date of the initial denial email. A copy of the denial email must accompany the second appeal.

If the committee denies your appeal, you have 14 calendar days from the date of the second denial letter to pay the fine or late fees will be added. If not paid, a “Business Office Hold” will be placed on the student or employee account. Final authority rests with this committee.

COMMUNITY SERVICE UNIT

The Community Service Unit (CSU) conducts Rape Aggression Defense Systems (RAD) classes. This is a program of realistic self-defense tactics and techniques. It is a comprehensive course for women which begins with awareness, prevention, risk reduction and avoidance, while progressing onto the basics of hands-on defense training. It is taught at more than 600 colleges and universities in the country.

CSU conducts inspections and installations of child safety seats. Since AACC is a commuter college, almost everyone who drives to the college has or knows someone with children. Providing this life-saving service to the children of the college community and the county is a great opportunity for the department to reach out and protect the youngest members of our community.

The Anne Arundel Community College’s Department of Public Safety is internationally accredited through the International Association of Campus Law Enforcement Administrators (IACLEA).

On Sept. 26, 2008, the Anne Arundel Community College Department of Public Safety received its initial international accreditation and became the first community college in the country to receive this distinction from IACLEA. The department received its first reaccreditation in 2011.

The overall purpose of the accreditation program is to improve delivery of public safety service thorough compliance with 205 standards, developed by law enforcement and public safety practitioners, covering a wide range of up-to-date law enforcement and public safety topics. Accreditation is a coveted award that symbolizes professionalism, excellence and competence.

IACLEA currently represents over 1,200 colleges and universities located in 20 countries. Its purpose is to make college and university law enforcement and public safety departments more professional by providing educational resources, an accreditation program and professional development programs.

In September 2014, after a lengthy process, the Anne Arundel Community College Department of Public Safety and Police successfully attained its second reaccreditation. The third reaccreditation is pending an onsite review in October/November 2019.

The period of accredited status for the department is four years. During this time, the agency must submit annual reports that document continuing compliance with applicable standards. The achievement of accreditation for the department has resulted in improvements in structure, leadership, organization, general direction and accountability. The process of intensive self-assessment has united the department in its commitment to serve the college community through well-written policies and procedures, objective management and conscious recognition of the need for public safety professionalism.
