MEMORANDUM OF UNDERSTANDING
ANNE ARUNDEL COMMUNITY COLLEGE & TOWSON UNIVERSITY

PSYCHOLOGY B.S. Degree

Anne Arundel Community College, Arnold, Maryland, and Towson University, enter into this Memorandum Of Understanding ("MOU") this 1st day of July 2019 to establish and follow for completion of a Bachelor of Science degree in Psychology those requirements set forth in Attachment A attached hereto, and incorporated herein.

1. Towson University will accept a maximum number of 64 credits from Anne Arundel Community College with the number of transferable credits specific to the Psychology program as set forth in Attachment A.

2. Students who have completed the Associate of Arts Degree in the Psychology at Anne Arundel Community College are guaranteed admission into Towson University’s Psychology program with junior standing provided that the Anne Arundel Community College student has completed all courses identified in Attachment A with a cumulative GPA of 2.00 or higher.

Lower-division courses (100 or 200 level) completed at Anne Arundel Community College that are equivalent to Towson University upper-division courses (300 or 400 level) will transfer and satisfy equivalent course requirements; however, the Anne Arundel Community College lower-division course (100 or 200 level) will not be recognized as an upper-division course (300 or 400 level) at Towson University or counted toward Towson University’s graduation requirement of 32 upper level credits.

3. Only equivalent courses in which a grade of C (2.00) or better is earned will apply toward the major at Towson University.

4. In accordance with the Code of Maryland Regulations (COMAR) transfer policy pertaining to general education requirements (13B.06.01), Towson University will accept the completion of Anne Arundel Community College’s general education requirements (GenEds) and students will be required to complete courses at Towson University to satisfy the remaining University Core requirements only as shown in Attachment A.

5. Towson University recognizes college-level experiential learning gained through previous work, military and/or volunteer service or life experience. Credit for prior learning may also be established through course challenge or standardized credit by examination.

6. Anne Arundel Community College students transferring to Towson University will be given every consideration for financial aid and will be eligible to compete for academic scholarships upon entrance to Towson University subject to stated scholarship deadlines.
7. Both Anne Arundel Community College and Towson University agree to work together to facilitate the transfer of students from Anne Arundel Community College to Towson University and to work cooperatively to insure the high quality of the programs at the respective institutions. Transfer of students will be in accordance with policies and procedures of both institutions, as they may be amended from time to time.

8. This MOU will be in effect initially for ten years, beginning fall 2019, with a review every two years by both parties. Any revisions the parties deem necessary must be evidenced in writing and signed and dated by the authorized officials of each institution. Either party may terminate this MOU by giving the other party written notice of its intent to terminate six (6) months prior to the termination date.

9. Towson University will provide annual transfer reports to Anne Arundel Community College. Transfer reports will include data and information regarding student demographics, number of students in program of study, number of credits transferred, scholarship awardees, number of students that have been conferred a bachelor’s degree and other pertinent information on former Anne Arundel Community College students who are currently enrolled in this program at Towson University.

10. This MOU, when signed, constitutes the entire agreement between the parties and supersedes all prior agreements and understandings between the parties respecting the matter hereof.

11. Any breach of this MOU shall be governed by the Laws of the State of Maryland.

Program Requirements at AACC 26

Total Degree Requirements Completed at AACC 60-61

Course Selections

1. Students must receive a C (2.0) or higher in their general education Mathematics course, as that is a required lower-level pre-requisite for the Psychology major at TU. Students that do not complete their Mathematics general education course with a C or higher may need to complete an additional Mathematics course at TU.

2. Students should choose PSY 211 Developmental Psychology as a required course in their Area of Concentration. This course serves as an important pre-requisite for upper-level Psychology courses at TU, and without having it completed at AACC could prolong a student’s time to bachelor’s degree completion. PSY 214 Abnormal Psychology can instead be taken as a general elective in the AACC program, or taken at TU in the Clinical Topical Area.

   a. Students should choose PSY 250 Statistics for Social Sciences as their Psychology program elective. Students who do not complete PSY 250 will need to complete PSY/C 212 at TU.

   b. Students are encouraged to explore other Psychology courses, or explore another subject of interest within their required electives in the Psychology A.A. program.
